

Comparisons

Same and Different  

These cars are the same.

These cars are different.

Teacher's Tips

Concept: This activity is about matching objects that are similar and differentiating objects that are different.

Introduction: Show the children two blocks that are identical and say that they are the same. Hold two blocks of different sizes and colour and ask the children, 'Are these blocks the same?' Help the children to understand why they are not the same. After this activity, help children to match pairs of socks.

Two of a Kind

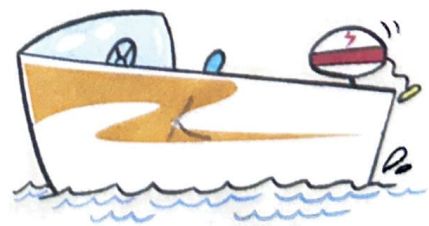

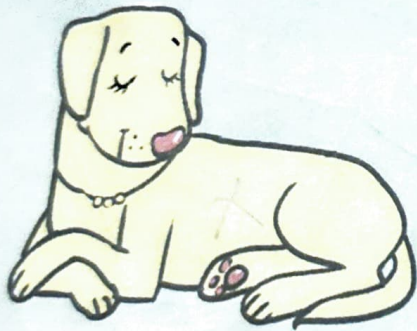

Match the pairs of shoes.

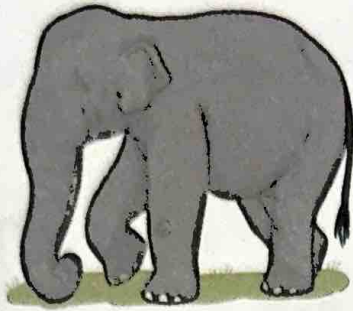

I Am Different!

Cross (x) the odd one out in each row.

Big and Small

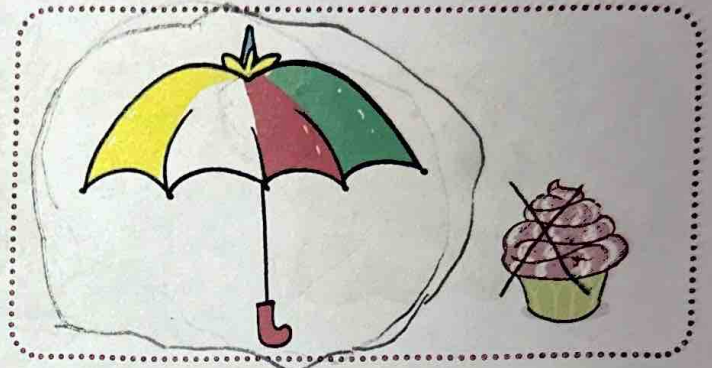

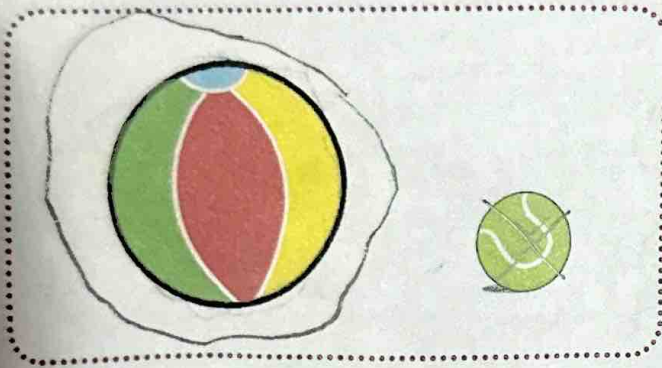

big

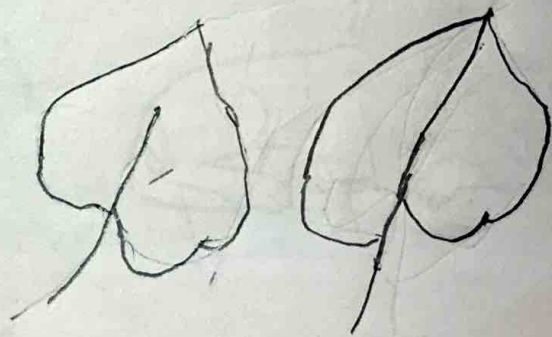

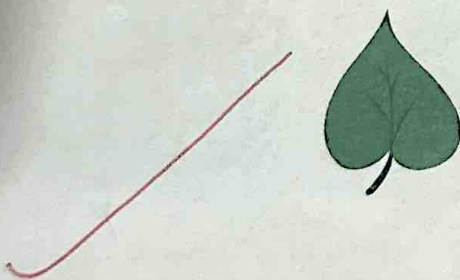

small

Circle the big object and cross out the small object.

Draw a bigger leaf and colour it.

Teacher's Tips

Concept: Comparison of big and small

Introduction: Show the children pairs of similar objects such as a big bag and a small bag, a big book and a small book, and so on. Ask them to pick up the objects and say which one is big and which one is small.
